

PERSONAL INFORMATION

Lidija Jakobek Barron

6

+ 385 31 224 325

lidija.jakobek@ptfos.hr

Sex F | Date of birth. April 4th 1977. | Nationality Croatian

WORK EXPERIENCE

November 1st 2017. onward Position: Vice-dean for industrial relations and development

Institution: Faculty of Food Technology Osijek

May 1st 2019. onward Position: Full Professor

Institution: Faculty of Food Technology Osijek

Work field: Research (adsorption processes, interactions polyphenols - dietary fibers, polyphenol bioaccessibility) and teaching

October 30th 2013. – May 1st 2019. Position: Associate Professo

Institution: Faculty of Food Technology Osijek

Work field: Research (adsorption processes, interactions polyphenols - dietary fibers, polyphenol bioaccessibility) and teaching

January 26th 2010. – October 30th 2013. Position: Assistant Professor

Institution: Faculty of Food Technology Osijek

Work field: research (HPLC and UV/Vis techniques, identification and quantification of polyphenols), lab practice and teaching

May 29th 2008. – January 26th 2010. Position: Senior Assistant

Institution: Faculty of Food Technology Osijek

Work field: research (HPLC and UV/Vis techniques, identification and quantification of polyphenols), lab practice

November 24th 2003. - May 29th 2008. Position: Assistant

Institution: Faculty of Food Technology Osijek

Work field: research (HPLC and UV/Vis techniques, identification and quantification of polyphenols, antiradical activity), lab practice

November 19th 2001. - November 24th 2003. Position: Younger Assistant

Institution: Faculty of Food Technology Osijek

Work field: research (HPLC and UV/Vis techniques, identification and quantification of polyphenols, antiradical activity), lab practice

EDUCATION AND TRAINING

17.06.2019.- 12.07.2019. Yale University, Department of Statistics and Data Science, New Haven, SAD

Nonlinear modeling of adsorption isotherms 01.09.2013. – 12.10.2013. University of Helsinki, Helsinki, Finland

Different techniques of liquid chromatography, column chromatography

01.05.2011. - 07.11.2011. CEBAS-CSIC Institut, Research Group on Quality Safety and Bioactivity of Plant Foods, Murcia, Spain

Working with two analytical systems: UPLC-MS system (triple quadrupole) and HPLC-MS-MS system (ion trap with ESI ionization)

19. 12. 2007. PhD, Biotechnical Sciences, Food Technology

Josip Juraj Strossmayer University of Osijek, Faculty of Food Technology Osijek

during 2002. Bundesamt fur Weinbau, Eisenstadt, Austria

Familiarization with the liquid chromatography equipment

11. 06. 2001. BSc in Food Engineering

Josip Juraj Strossmayer University of Osijek, Faculty of Food Technology Osijek

PERSONAL SKILLS

Mother tongue(s)

Croatian

Other language(s)

English

German

| UNDERSTANDING | | SPEAKING | | WRITING |
|---------------|---------|--------------------|-------------------|---------|
| Listening | Reading | Spoken interaction | Spoken production | |
| C1/2 | C1/2 | C1/2 | C1/2 | C1/2 |
| | | | | |
| B1/2 | B1/2 | A1/2 | A1/2 | B1/2 |
| | | | | |

Levels: A1/2: Basic user - B1/2: Independent user - C1/2 Proficient user

Communication skills

good communication skills gained through my experience as a teacher

Organisational / managerial skills

- 2017. untill today Vice-dean for industrial relations and development at the Faculty of Food Technology Osijek
- 2019. member of the Scientific Committee of international scientific congress "With Food to Health"
- 2019. member of the Organizing Committee "10th International Congress "Flour bread 19" and the 12th Croatian Congress of Cereal Technologists "Brašno kruh 19"
- 2019. member of the Organizing Committee of "The Carier Week" of J. J. Strossmayer University of Osijek.
- 2018. member of the Scientific Committee of international scientific congress "With Food to Health"
- 2012. 2017. president of the Panel for student practice work at the Faculty of Food Technology Osijek
- 2008. 2012. member of the Panel for student practice work at the Faculty of Food Technology Osijek
- guiding students through their diploma works
- research organisation and planning

Job-related skills

- · Teaching, seminars and lab practice: Food Packaging, Packaging Materials, Physical Chemistry, Instrumental Methods of Analysis, Engineering Chemistry.
- · Identification and quantification of polyphenolic compounds from fruits, fruit juices and wine, interactions between polyphenolic compounds, studies of adsorption processes and interactions between polyphenols and dietary fibers, modelling of adsorption isotherms, polyphenol bioaccessibility
- HPLC-PDA method validation and analysis, measurement with UV/Vis spectrophotometry, antiradical activity by using DPPH and ABTS methods

Computer skills

good knowledge of Microsoft Office™ tools (Word, PowerPoint, Excel), Corel, Origin

Driving licence

B category

Presentations

- -"Polyphenols in old apple varieties", presentation at the professional-educational manifestation Preservation of old varieties, Cernik, Croatia, 02.03.2019.
- -"Active and intelligent packaging", International conference Polymeric materials in packaging, Zagreb, Croatia, 26.11. 2014.
- -"Polyphenolic compound research at the Faculty of Food Technology Osijek, Croatia", Viikki Food Science seminars, University of Helsinki, Helsinki, Finland, 03.09.2013.
- -"Active and intelligent packaging", Faculty of Food Technology Osijek, 20. 05. 2010.
- -"Bioavailability and metabolism of phenolic compounds from fruits", Faculty of Food Technology Osijek, 2.12. 2011.

Projects

Project leader:

- project "Development of young researcher's career training of new doctors of science", funded by Croatian Science Foundation, European Social Fund (2018,-2022.).
- project "Dihydrochalcones in old apple varieties", funded by Osijek-Baranja County (12. 2018. 12. 2019.)
- research project IP-2016-06-6777 "The influence of dietary fibers on polyphenol bioaccessibility by studying adsorption and simulated digestion processes, *in vitro*", funded by Croatian Science Foundation (1.3.2017. 28.02.2021.)
- project "Nutritional properties of old, neglected apple cultivars from Slavonia region, important for their preservation", funded by Adris Foundation (10. 2015. - 10. 2016.)
- project "Characterization of polyphenols in old apple varieties", funded by Josip Juraj Strossmayer University of Osijek (2013. -2014.)
- project of postdoc program, Brain gain 02.03. "Bioavailability and metabolism of phenolic compounds from fruits", funded by Croatian Science Foundation (05.2011. – 11.2011.)

Participation on the project:

- project "Development and Implementation of the Interdisciplinary Graduate Study Programme Biotechnology in English", funded by European Social Fund (2018. - 2020.)
- project "Development of the study programmes in the biotechnical field according to the Croatian Qualifications Framework (CROQF); funded by the European Social Fund, 2015.-2016.
- project 113-1130471-0451 "Heat transfer and thermal properties of food during processing", funded by Ministry of Science, Education and sports, Republic of Croatia, (2006. 2009.)
- Project 0113-006 "Interactions in metal packaging materials food systems", funded by the Ministry of Science, Education and Sports, Republic of Croatia, (2002. - 2006.)
- Project 113003 "Quality control and nutritional and toxic aspects of food", funded by the Ministry of Science, Education and Sports, Republic of Croatia (2002.)

Honours and awards

Rector's award 1999
